

Sree Academy : Testing Methodology

2 Track Teaching

11th & 12th CBSE/State with JEE-Mains
Only institute covers Boards & JEE/NEET topics Simultaneously with running notes by Faculties.

Boards Solving

Separate Batch for CBSE / State Board Students
Students prepare theory notes from prescribed Text books.
Chapter-Wise Assg. is provided for Subjective Content.
Board pattern testing is scheduled immediately after JEE/NEET Test.

JEE / NEET

Conceptual Teaching with 4 Level Solving Strategy
Level I : Class Exercise & Notes.
Level II : Video Solving for Better Understanding.
Level III : Conceptual Assig. for Self Solving with Jr. Faculty.
Level IV : Core Level & Multiple Choice problem doubt to be cleared by sub. Faculty.

Mobile App

Online Notes, Solved Examples
Online Test & Result Analysis all in (iSufiacademy) App

Video Lecture

Recorded Video Lecture of Faculty if you missed any or need watch again, or Virtual Lecture problem solving with time management.

BAT - Board Assessment Test

(Test to Assess Boards Performance)

SAT - Single Subject Asst. Test

(Test to Assess Single subject Performance)
(i.e. only Physics on JEE / NEET Pattern)

CAT - Cumulative Asst. Test

(Test will include all 3 Subject PCMB/PCB
JEE-360 Marks / NEET ~ 720 Marks)

MOBILE APP

Online test with more than 14 type of analysis

RPI

RANK POTENTIAL INDEX

India's first portal to predict your rank based on last year's CUT-OFF.

Senior Faculty

with more than 10 yrs of Exp.

Jr Faculty

for solving JEE/NEET Doubts & Board Level Teaching.

Moderator & Settel: Board solving & valuation skills

Parents App

Parents Teacher interaction on 5th to 15th of Every Month.

Absenteeism Calling & SMS.

Mobile App for all updates.

File of all papers of each student available in institute.

All written application by parents are taken in consideration.

Library & E-Library

Library is available in institute students can take books and study in institute itself.

Maximum problem solving is provided with video solving in MOBILE APP & Classroom Solving in projector.

Assignment provided to students on regular basis.

Academic Counseling

Sir, Personally keep keen watch on every students.

HOW to study subjects. Solve problem. When what to study is being guided to them.

We make plan as per students Calibers. After 3 months of assessment students segregated as per their potential

*****Sree Academy publications Mobile Application**

Download from
Playstore

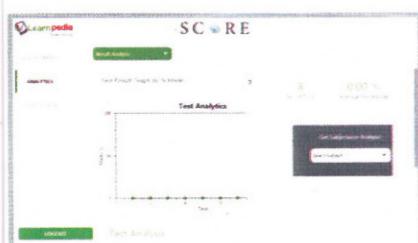

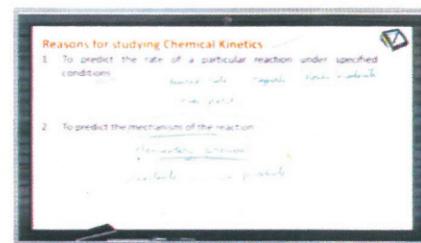

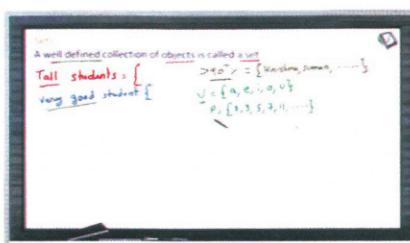

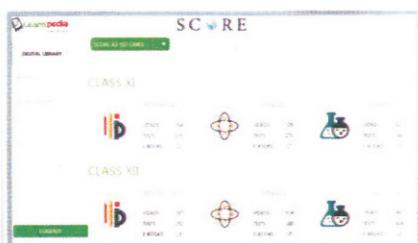

- Parents App
- Students Attendance
- Offline Test Result
- CCTV Access*
- Video Lectures in Mobile App
- Home Practice Sheet

- Topic-Wise Result
- Per Second Analysis
- Subject-wise Result
- Assignments

- 78 MHT-CET Tests
- 98 JEE Tests
- 113 NEET Tests
- (3 Test Series)

Parents can access all Teaching Facilities & keep eye on Students performance

- Video lecture of Faculty
- Problem solving in classroom
- Doubt removal' session even for single student.

- Time bounded Test with video explanation.
- Syllabus coverage meter.
- Developed by Publications.

JEE Think Once

If JEE is so EASY as said by Various Coaching Classes after clearing their Entrance Exam, On Basis of Student's 10th Class Knowledge? Then why Cut-Off of JEE is:

28 marks - ST
32 marks - SC
45 marks - OBC
360 OUT of 720
(2019)

70 marks - Open
& -5 for PWD Candidates?

Students who Qualify for JEE-Advance, Are they really getting, admission in IIT's?

Out of 13.5 lakhs Students, **2.5 Lakhs** Quality in JEE-Mains, there are only 18000+ (appx. Seats in NITs)

Out of 2.5 Lakhs Students, **28000+** Students Quality for JEE-Adv. there are only 12000+ (appx. Seats in IITs)

Even if we Calculate **20000 Seats of IITs, GFITI of Top Colleges...**
Are all these students really getting admissions in IITs & Top Colleges?

TOP Branded Institute, Good Faculties, Best Study Curriculum you may get best teaching Support but How you will Study?
Can a Child Remember Apps, **106 Topics of Physics, Chem. & Maths?**
Lets Say What is taught in June 2020, Can a Child Retain it in memory till Oct 2021?

Institutes/Classes may have best teaching facilities still it **depends upon, Child** how he/she will cope up with the pressure

Student focus on JEE-Mains, JEE-Adv or BTJs with conceptual & Short-cut teaching but what about **12th State/CBSE BOARDS?**

70% Students preparing for JEE start focusing on **BOARDS** within a Year. (they learn: apply formula, supply answer & concept missing)

Students should understand that, **JEE Preparation** should start from **BASICS** to **CONCEPTS** to **BOARDS** & then finally after understanding everything Should Focus on **JEE-Mains** then **JEE-Adv.**

Dear Parents, **90% Students** get Frustrated, Depressed and Demotivated in 12th. Every Student can't focus on Entire Syllabus, then a Systematic Approach should be given to them.
-Students should be taught as per their Level & Potential.

Most of the Institutes make Students solve **150-200 MCQs** for every Topic, but there will be **1 MCQ** from that topic in actual JEE. Will he/she remember that **MCQs or Concepts after 6 Months** (when he/she solved i.e. 30x150 = 4500+ MCQs during this period for 1 Subject)

Do Have One-On-One Counseling for any Confusion or Clarity

Understand Facts, Potential is in STUDENT, Not in INSTITUTION

NEET Think Once

90% Students who Qualify for NEET/AIIMS are Repeaters...

Many Students even prepare for 3 years & Just because of this repeater Students:

452 out of 720 Cut-Off in 2016 ... went to... 534 out of 720 in 2019.
612 out of 720 is Cut-Off of Nagpur GMMC in 2019.
647 out of 720 is Cut-Off of KEM Mumbai.

NEET Students should opt for State Board or CBSE Board?

172 Question of NEET 2019 came from NCERT Directly.
There are many **TERMS** of NEET paper which are not even there in State Board Books but are there in NCERT Books.

Even if Students study from State Board but follows NCERT in Classes, while preparing for State Board 12th exams, he gets confused between **NCERT & State language** and forgets content.
1% Students having **Good Photogenic Memory** can score very good Marks in First Attempt.

For NEET, the Teaching Pattern which Students are following is not Suitable from the Students Point of view. It might be **Right from the Institution Point.**
THINK...

-If Students Studies a 11th Topic in **June 2020**, & Completes 11th Syllabus in **Feb 2021**, & Completes it by **Nov 2021...**
-Starts 12th Syllabus in **Feb 2021**, & Completes it in **Nov 2021?**
-Then what Student will do in **Nov 2021?**

Prepare for 12th Boards? OR Revise NEET 12th Syllabus OR 11th Syllabus of Physics/Chemistry/Biology?

When he/she will revise 11th Syllabus of Appx. **22+ Topics of Bio, 14+ Topics of Phy & 17+ Topics of Chemistry?**

THINK FROM STUDENT'S POINT OF VIEW...

How Students should focus on each Subject..

Why Students Preparing for NEET finds Physics too Tough?

How can Students recollect **50+ Topics of Biology**, which are based on theory. Even if we explain the **Concept & logic** but at last, Student should know the exact Term. They Need to Put a lot of Effort.

Chemistry is the main decider whether you can clear NEET or Not.. Whereas **Inorganic & Organic Chemistry** helps you to Score 120+ in Chemistry.

In CBSE Board

In State Board (2019)

Physics: 10 Units, 15 Chps.
Chemistry: 16 Units, 24 Chps
Biology: 5 Units, 16 Chps
Maths: 6 Units, 17 Chps

Physics: 20 Chps.
Chemistry: 16 Chps.
Biology: 19 Chps.
Maths: 17 Chps.

Board's Clarity

12th CBSE Board & State Board

Hum JEE/NEET Padhate hai, usi me Boards Cover ho Jaata.?

Boards ke Liye last 2 Months me Padhate hai wo Cover ho Jaata?

Boards aabhi se nahi Padhate hai?

Boards ke liye aap kol aag se class lagta lijye?

Agreed, That JEE/NEET Syllabus covers CBSE & State Boards Syllabus, but writing Subjective Paper is a Different task.

Students take Boards Syllabus casually but when it comes to writing **Theory, Derivations, Concepts, Formulae** Students need to understand How to write the answers.

In Maths: 12th Board Integration Problem of JEE can be Solved in 2-3 Steps, but from Boards point of view Marking is given as per the Steps. **Writing Formulae & Solving Problem** which they need to understand since Beginning.

In Physics: Gauss Theorem can be Solved in 2 pages as per Board Pattern & it can also be solved in 5-6 Steps with Marking Scheme.

In Chemistry: P-Block Elements is a Appx. 50-60 pages Chap. consist of 40+ Questions based on theory & Carries Highest Weight-age in Boards. How you will Learn it?

It's not matter of **2 months** Student should prepare for Boards along with JEE/NEET syllabus with Systematic Study Plan.

MOST of the students after Completion of JEE/NEET Syllabus starts focusing on **BOARDS** as they don't have practice of writing Boards paper for 2 yrs & during last few Months they get tensed.

90% Students are like...
JEE/NEET to think hai but agar **Board me 75% hi nahi** aaye to IITs/NITs/BITs or AIIMS kahan se milenge.

Once they develop a **PHOBIA** of Boards, JEE/NEET will be ignored by them, **50% 11th Syllabus** is Skipped & Students Gradually Scores low Marks.

In CBSE Board

In State Board (2019)

Physics: 10 Units, 15 Chps.
Chemistry: 16 Units, 24 Chps
Biology: 5 Units, 16 Chps
Maths: 6 Units, 17 Chps

Physics: 20 Chps.
Chemistry: 16 Chps.
Biology: 19 Chps.
Maths: 17 Chps.

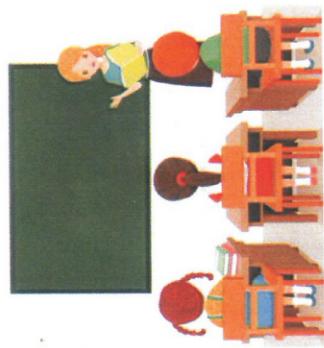

JEE / NEET / AIIMS / BIT-SAT / Olympiads / KVPY

How a Studying Process Works @ Sree Academy

Path To Success

Stage I
Topic has being taught in Class from Basics Concepts to Boards & to JEE/NEET level

Sree Academy Topics are align very systematically & Divided in Various Sessions, is 1,2,3 etc as per level of Boards then CET/JEE/NEET

Stage II

Stage IV
Sree Academy we Focus more on Conceptual Clarity rather than making students solve 100ss or Problems.....

Stage III
If students have Doubts they can wait after class and solve their Doubts with Faculty, or Asst. Faculties

What if Students are @ Home?

Stage V

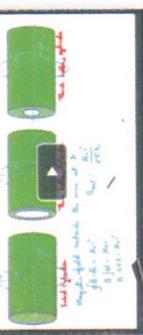

When students are @ Home and what if they face difficulties in understanding the Concepts or Problem?

Stage VII

After Chapter is Completed, Quick Formula Sheet is Provided, and Same Chapter is revised and solved with respect to Boards & JEE

Ex. Phy: Electrostatics
Conceptual Teaching with Video Lectures

Stage VI

Students can watch videos on TAB, Solve 5-10 Problems, based on concept taught in the class with Quick Results. Students can ask doubts in the Class next day.

3 Page Concept Map, to Revise entire Chapter for JEE/NEET
Online Test & Separate Assignment is Provided.

Final Stage
Student is Prepared for Particular Topic. Same Topic is revised after 2 Months along with entire syllabus

Same Concepts for Boards/JEE Board CBSE/State JEE/NEET

3 Page Concept Map, to Revise entire Chapter for JEE/NEET
Online Test & Separate Assignment is Provided.

Whatever taught in the class is available on TAB in video form.

JEE / NEET / AIIMS / BIT-SAT / Olympiads / KV PY

2 Yrs Integrated CBSE College & Coaching

Why Most of the Student Don't Continue CBSE Board after 10th & Shift to State Board?

- Regular college in CBSE.
- Syllabus problem of College & Classes, Classes of Exams. No time for Self Study.
- Morning 8am to 2pm College, 4pm to 8pm Classes. No time for Self Study.
- Clashes between Board & JEE Curriculum.

Solutions for Problem - 11th & 12th Board CBSE coaching with JEE/NEET in College campus.

How Intergrated Coaching Plan Works for Students?

8am to 10am
Optional College Subjects
(English & CS, Elec,
Physical Education)

10am to 3pm
11th & 12th CBSE Course
&
JEE/NEET Coaching
together.

3pm to 5pm
Doubts Session for
JEE/NEET MCQs
Solving & Basics Doubts.
(thrice a week)

@ Home
time for self-
study.

Intergrated CBSE Coaching
&
JEE/NEET Coaching in
Same Campus.

College
Coaching
Testing (Board & JEE/NEET)

All under
1 Roof

Vision

To Fill the gap in teaching Strategies in the Present educational system and requirements of Competitive world.

Mission

To empower the students with systematic preparation with less stress., therefore to form a strong and clear vision to compete and succeed in various competitive entrance examination ahead in life.

Our Pedagogy

Seldom we find people who can proudly say: "**We enjoy Teaching!!**" Such a simple statement, but it's a rare phenomena in today's world. At Sree Academy we have attached ourselves to a noble cause, a purpose to change the way eduction has been perceived and delivered. Its not about just teaching but its about **understanding the need of the students** and teach them.

Courses@sree academy:

JEE Mains & Advanced

(Engineering Entrace, BITs, VIT, NATA, NDA, Olym. etc)

NEET & AIIMS

(Medical Entrance AFMC, B.Pharm, Sev. PMT etc)

8th, 9th & 10th Foundation (State/CBSE)

(for jee/neet only)

Distance Learning Programme (DLP)

(jee/neet - offline & online material)

Online E-Learning Course

(jee/neet on mobile app, books, meterial, video lecture, online test with analysis in app)
